I'm a new patient with 12 Oaks Dental and it's been a great experience thus far. The front office team is so welcoming and friendly, making me feel apart of the family. For my initial consultation they took their time to make me the center of attention and genuinely get to know me so they may best meet my needs. Dr. Barron was thorough and patient answering my questions and took her time to explain her plan of care. Most dentist are in and out and you only spend 5 minutes with them so I was impressed and felt I was a priority during my visit with Dr. Barron. My hygienist was fabulous and efficient. Overall I'd highly recommend this practice.

Hands down the best experience after my 12 yr old son chipped his two front teeth. My son even noticed the compassion in their approach versus another dentists approach. He was immediately put at ease and happy to have Dr. Barron perform her artistry. I can't thank you enough for taking the time to explain and assure us that all would be fine. The proof is seeing his teeth!

Fantastic experience. The staff are awesome and Dr Barron is what you'd want a medical professional to be - very concerned about my health. Simply great patient care.

I had an amazing visit at 12 Oaks Dental. The staff are incredibly kind, professional, and make you feel at home. As someone who isn't a big fan of getting dental work done, they made sure I felt completely comfortable and at ease throughout the appointment. I couldn't recommend them more!

I have been with 12 Oaks Dental for over 20 years, and always have an outstanding experience at every visit. Dr. Worob and Dr. Cronin-Barron, along with their skilled hygienists and front office staff, are welcoming, thorough, and look at your overall health for any concerns. Our family can't thank the 12 Oaks family enough for our dental care!
